PREPARED BY THE MEMBERS OF THE

STARK COUNTY CHAPTER

THE OHIO GENEALOGICAL SOCIETY

FEBRUARY 15, 1982

FOREWORD

Almost three generations have passed since 1900 which was the cutoff date for tombstone inscriptions in the last book which covered the entire county. Although typed, that book was never published and its use was restricted to a few libraries. It is an ambitious project to cover the entire 195 cemeteries in Stark County. Volume I is the beginning.

IN MEMORIAM

This, the first volume of Cemetery Inscriptions of Stark County, Ohio is dedicated to the memory of:

GEORGE R. BURRELL (1915-1976)

At the time of his death George R. Burrell was serving as the third President of The Stark County Chapter of The Ohio Genealogical Society. He was also the President of The Sons of the American Revolution. He was an active genealogist and intensely interested in recording and preserving cemetery records. He foresaw the need for this book and was promoting its inception five years ago.

ACKNOWLEDGEMENTS

Many members of the Stark County Chapter of The Ohio Genealogical Society have been actively engaged in the preparation of this book. It would be difficult to prepare a complete list and leave no one out. The majority of the cemeteries in this volume were read by a mother-daughter team of Emma Sefert and Marilyn Oyster. Others who copied the tombstones are indicated at the end of each cemetery. Special recognition is given to the two typists who typed the entire 400 pages, Dorothy Wig and Hazel Murphy. Hazel Murphy also served as the Coordinator for the entire Cemetery Project.

Acknowledgement is also given to the Stark County Historical Society for furnishing the photograph of McKinley's Monument on the cover and the 1910 map of Stark County shown on page v.

Stark County, Ohio was formed in 1809 from Columbiana County. It subsequently lost Brown, Harrison and Rose Townships to Carroll County in 1833 and Green and Franklin Townships to Summit County in 1840. It contains 17 townships today. Its cemeteries date from 1805 when the first settlers came. There are 195 cemeteries today. This volume covers the easternmost townships of Lexington, Washington and Paris plus Marlboro which is adjacent to Lexington. 38 cemeteries are included in these four townships.

Much use has been made of the previous cemetery book entitled "Cemetery Records, Stark County, Ohio." It was researched by E. T. Heald, H. T. O. Blue and H. D. Paxton. It was compiled, edited, indexed and with a foreword by Dorothy Sommer, Head, Reference Division, Canton Public Library Association. The project was sponsored by the Stark County Historical Society. It consisted of four volumes, one of which was the index, and was typed in 1955. It covered 158 cemeteries from the earliest time until 1900. Most of the inscriptions were copied in the 1940's. Much credit must be given to the researchers because many of the tombstones which they copied are unreadable or non-existant today. The map used by E. T. Heald to locate the cemeteries in the 1940's was made available by Eva Sparrowgrove of The Stark County Historical Society.

In this volume the cemetery numbers assigned by Heald have continued to be used. The description of the location of the cemeteries in Stark County was submitted by Marilyn Oyster and Evelyn Jessup to The Ohio Genealogical Society for inclusion in their 1978 book entitled "Ohio Cemeteries", which lists the location of every cemetery in the State of Ohio. The same descriptions are used in this volume and will be used in all volumes to be published in the future.

An attempt has been made to read the tombstones in rows so that an individual could locate a particular stone from the descriptions. This has not always been possible because of the haphazard manner in which some cemeteries are laid out. All stones have been included to the present day. Stones illegible or missing, but listed in Heald's book, have been included and are so indicated.

Additional volumes to be published in the future will contain about four townships geographically adjacent and approximately the size of this volume.

s/o J & M Winn

This was the old Williamsport village founded in 1827 in which the first church, the United Brethren, was built in 1819. A monument has been erected in memory of the early settlers by the Alliance Historical Society. This spot marks the location of this first church in Alliance.

WOOD FAMILY CEMETERY #161

LOCATION: S 15. Due east of Atwater-Snode Rds intersection, near the creek.

Thomas Wood was one of the founders of the Methodist Episcopal Church at Lexington. In later years he united with the Wesleyan Church because that church boldly denounced the system of American slavery in every form. He retained his membership in this church until his death on June 6, 1850 at the age of 67 years. Cherry died on September 22, 1855, age 72 years. They are both buried in the old Wood Family Cemetery. Their descendants now number about 1000, and are settled in 10 different states of the Union.

Their children were:

Polly Thomas Wood, born 2 Feb 1804 in Sussex Co., VA
Robert B Wood, born 11 Dec 1805 in Sussex Co., VA
Thomas J Wood, born 12 Sep 1807 in Salem, OH
Sally J Wood, born 15 Jan 1811 in Lexington, OH
Rebekah Wood, born 10 Feb 1813 in Lexington, OH
Mathew Wood, born 31 Mar 1815 in Lexington, OH
Nancy Wood, born 17 Sep 1817 in Lexington, OH
Hannah Wood, born 3 Feb 1820 in Lexington, OH
Calvin R Wood, born 6 May 1822 in Lexington, OH
Daniel R Wood, born 14 Nov 1824 in Lexington, OH

Daniel, the youngest son, settled in South Dakota. His daughter, Margaret Wood Pollock of Orient, South Dakota, has saved the Hatter's tools used by Thomas those long years ago.

It is regretable that so many of the old stones have been shot up, defaced, carted off or lost.

WOOD FAMILY CEMETERY
